AREEJ AL KHALEEJ ALUMINIUM & GLASS .CONT. L.L.C.

... COMPANY INTRODUCTION

Areej Al Khaleej Aluminium & Glass is a professional aluminium and glass contracting company specialized in delivering high-quality architectural aluminium, glass, and metal works for residential, commercial, and industrial projects across the UAE.

The company provides complete solutions from measurement, design coordination, fabrication, supply, installation, and project handover. With a strong focus on quality workmanship, accurate execution, and timely delivery, Areej Al Khaleej Aluminium & Glass supports contractors, consultants, developers, and private clients with reliable aluminium and glass contracting services.

Our team is experienced in handling aluminium doors, windows, curtain wall systems, structural glazing, glass partitions, shopfronts, skylights, handrails, cladding, and customized architectural metal works. Every project is executed with attention to detail, safety, durability, and modern architectural standards.

At Areej Al Khaleej Aluminium & Glass, we believe that every building deserves a strong and elegant finish. Our commitment is to provide practical, durable, and visually refined aluminium and glass solutions that enhance the value, appearance, and performance of every project.

MANAGING DIRECTOR'S ... MESSAGE

I am Hidayat Ali Sadul Khan, and it is my privilege to lead AAKA Aluminium & Glass with a vision built on quality, trust, and commitment.

Our journey is driven by a dedication to excellence in every project we undertake. With strong values, skilled teamwork, and a customer-focused approach, we aim to deliver reliable, innovative, and lasting aluminium and glass solutions.

At AAKA Aluminium & Glass, we believe in continuous growth, strong relationships, and creating a future defined by professionalism and performance.

Hidayat Ali Sadul Khan

Mr. Hidayat Ali Sadul Khan
MANAGING DIRECTOR

FOUNDER'S ... MESSAGE

I am Mohammed Adil Khan, proudly supporting my father and contributing to the growth of AAKA Aluminium.

By combining his experience with new ideas, modern systems, and strong customer relationships, my goal is to build a trusted, professional, and future-ready company.

I am committed to investing my time, energy, and vision into taking AAKA Aluminium to greater heights.

MOHAMMED ADIL KHAN

AUTOMATIC DOOR SOLUTIONS

Automatic Door Services

WE CAN FIX AND INSTALL:

Automatic doors are available in various styles, colours, finishes, and types, including sliding, swinging, folding, telescopic, breakout, and revolving systems.

Made from durable materials such as aluminium, steel, fibreglass, and timber, they provide safe, convenient, and effortless access. They can operate automatically, manually, by remote control, or through access codes, while requiring minimal maintenance when properly installed and regularly inspected.

We are one of the companies established in UAE with the sole purpose to provide best and reliable sales and services support in the field of automatic doors. Automatic entrance doors connect people, place and goods seamlessly and efficiently. We enhance flow and convenience in your business by providing innovative and reliable automated entrance solutions for the front, back and interior of every building. By powering doors, we empower you to enter new world.

- Movable Partition
- Folding Doors
- Automatic & Manual Revolving Doors
- Automatic Sliding Doors
- Automatic Swing Doors
- Automatic Breakout Doors
- Automatic Telescopic Doors

If you have automatic doors installed at your building, whether commercial or residential, it is important that you plan their maintenance carefully in order to keep them functional for a long time.

If you don't take measures to maintain your automatic doors, they can end up damaged before they have reached their full designed service life. We have an expert team for maintenance, they will inspect and solve the problem on time.

Under a full maintenance program, your doors will be inspected and routine preventative maintenance repairs performed after a predetermined time period with the costs remaining exactly the same for each repair. These types of maintenance visits are usually structured on

a yearly basis with prices include all material and labor costs that will incur during the maintenance procedure. If you like to create a clear budget for all your expenses beforehand, signing up for a full-service automatic door maintenance program can be very beneficial for your organization, especially since it provides you with a pre-determined fixed cost outlay for door repairs each year.

Depending on what best suits your budget, you can select either of these maintenance program types for your automatic doors. However, make sure you keep track of the expenses incurred on every door separately so that you may make better buying decisions after historical data is considered. There is a time in the service life of every door where the return on investment of a new door will outweigh the costs of continued and more frequent maintenance required to keep a failing door operational.

THANK YOU

Areej Al Khaleej Aluminium & Glass is committed to delivering reliable aluminium, glass, and architectural metal contracting solutions with quality workmanship, professional coordination, and timely project execution.

We look forward to the opportunity to support your upcoming projects and build long-term business relationships with contractors, consultants, developers, and private clients across the UAE.
